BRAND GOVERNANCE / TEST PACK

LumenLeaf Brand Governance Handbook

A fictional, internally consistent rulebook for evaluating a brand-compliance checker.

FICTIONAL TEST DATA	Every company name, product, metric, rule, and approval in this handbook is invented for software testing. Do not treat it as real-world guidance or actual company policy.

What this pack contains

Company identity, voice and terminology rules, verified product facts, claim boundaries, visual and accessibility standards, approved messaging, a source hierarchy, and labeled test cases with expected outcomes.

Suggested use

Give this handbook to the checker as its governing reference. Submit the test snippets in Section 9 individually. Outcomes distinguish clear violations from matters needing human review.

Version 1.0 | Reference date: 25 October 2026 | Owner: Fictional Brand Operations

01 Company identity

LumenLeaf is a fictional direct-to-consumer company selling a countertop herb-growing kit. All information in this pack is fictional test data.

Field	Approved value
Company	LumenLeaf
Product	LumenLeaf Countertop Garden Kit (short form: Countertop Garden Kit)
Category	Indoor herb-growing starter kit
Audience	Adults interested in growing culinary herbs at home
Test market	United States English-language marketing
Brand promise	A simple way to start growing a small selection of culinary herbs indoors
Sample support contact	help@lumenleaf.example (fictional reserved example domain)

Governance scope

Applies to public marketing copy, product pages, packaging mockups, paid ads, email, and social posts. “DRAFT” labeling does not authorize unsupported claims.

Checker outcomes

Label	Meaning
PASS	Follows applicable rules and uses only approved facts.
FAIL	Direct contradiction, prohibited claim, disallowed wording, or clear rule violation.
REVIEW	Evidence is insufficient or human inspection is needed (for example, image contrast or missing disclosure evidence).

02 Voice, tone & terminology

Tone may vary by channel but must stay clear, grounded, and never imply guaranteed results.

Voice rules

• Be warm and practical. Address the reader as “you” when useful.

• Use short sentences, concrete verbs, and everyday language.

• Encourage without promising success, speed, savings, or harvest size.

• State product limits plainly; never hide conditions in fine print.

• Avoid fear, shame, pressure, and false urgency.

Approved terminology

Use	Avoid / handling
LumenLeaf Countertop Garden Kit; Countertop Garden Kit	Do not rename it “LumenLeaf Smart Garden” or imply connected features.
grow light	Do not call it a “sunlight replacement” or “full-spectrum” (unverified).
seed pods	Do not call them “organic” or “non-GMO” (unverified).
water reservoir	Do not claim it waters itself or is leakproof.
culinary herbs	Do not imply vegetables, flowers, or all herb varieties are supported.
up to 3 herb pods	Keep “up to”; do not write “3 plants guaranteed.”

Tone by situation

Situation	Guidance
Product description	Friendly, informative, specific.
Support	Calm, patient, non-blaming; acknowledge uncertainty.
Promotion	Upbeat, with no fabricated deadlines, scarcity, discounts, or performance promises.
Environmental topic	Narrow and factual. No “eco-friendly,” “sustainable,” or “zero-waste” claims without substantiation.

03 Verified product facts

Only facts below are verified within this fictional dataset. Missing details are unknown; do not infer them.

ID	Approved fact	Permitted wording / limit
F-01	Includes one countertop base, one LED grow-light arm, one water reservoir, and three reusable pod holders.	List components exactly. No pump, app, timer, or nutrients.
F-02	Supports up to three herb pods at a time.	“Up to three”; not a guarantee of three successful plants.
F-03	Grow light is rated at 12 watts.	May say “12-watt LED grow light.” No energy-saving or brightness comparisons.
F-04	Base measures 30 cm wide × 12 cm deep × 28 cm high.	Keep dimensions and order clear; accurate conversions allowed.
F-05	Powered by 5 V USB-C input. Wall adapter is not included.	Disclose exclusion when describing power accessories or box contents.
F-06	Box includes basil, parsley, and chive seed pods.	Do not say organic, untreated, or guaranteed to germinate.
F-07	Manufacturer test found median basil sprouting time of 9 days; observed range 7 to 14 days under stated indoor test conditions.	Must say results vary and home conditions differ from test conditions. No individual promise.
F-08	1-year limited warranty from purchase date.	Use exact limited term and refer to full terms. Not lifetime or unconditional.
F-09	Designed for indoor countertop use.	Do not claim waterproof, outdoor-safe, child-safe, or pet-safe.

Unknown unless approved elsewhere

Price, discounts, inventory, shipping time, country of manufacture, materials, certifications, energy use over time, yield, harvest frequency, health benefits, environmental impact, safety certifications, ratings, and compatibility with additional seed varieties are unknown.

04 Claims & evidence boundaries

Plausibility or competitor usage does not substantiate a claim. Compare meaning and strength against the approved facts.

Class	Must FAIL examples	Reason
Guaranteed outcomes	“Perfect herbs every time”; “guaranteed harvest in 9 days.”	Test results are not individual guarantees.
Superiority	“Brightest”; “#1”; “better than every competitor.”	No comparative evidence or ranking.
Health / nutrition	“Boosts immunity”; “healthier meals proven.”	No health evidence.
Environment	“Zero waste”; “eco-friendly”; “carbon neutral.”	No environmental substantiation.
Unapproved attributes	“Organic”; “non-GMO”; “child-safe”; “pet-safe”; “waterproof.”	Unknown, not approved.
Invented features	“App-controlled”; “automatic watering”; “built-in timer.”	Not included in facts.
Scarcity / price	“Only 2 left”; “50% off today.”	Inventory and price unknown.
Warranty overstatement	“Lifetime”; “risk-free forever.”	Only 1-year limited warranty approved.

Performance-claim rules

• Keep qualifiers adjacent, legible, and in the same sentence or immediately following sentence.

• A 9-day median does not mean every pod sprouts in 9 days.

• F-07 wording must include observed range (7 to 14 days), manufacturer indoor test context, and statement that results vary and homes differ.

• If a short format cannot fit the qualification, omit the claim.

05 Visual identity & accessibility

Text-only evidence cannot prove image composition, contrast, keyboard behavior, or alt-text accuracy. Flag unavailable evidence as REVIEW.

Visual identity

Element	Rule
Palette	Deep navy #142B4A, leaf teal #168C8C, white #FFFFFF; pale blue #EEF4FA for panels. Navy for primary text.
Logo	Use supplied wordmark without stretching, rotating, unauthorized recoloring, or busy background. If asset is absent, REVIEW.
Typography	Clean sans-serif. Body copy at least 14 px digitally or 9 pt in print.
Product imagery	Show actual kit. Do not add screen, pump, app, extra pods, or included wall adapter. Label illustrative lifestyle scenes.
Color use	Do not convey status or instructions through color alone.

Accessibility requirements

• WCAG 2.2 AA contrast: at least 4.5:1 for normal text and 3:1 for large text.

• Meaningful alt text for informative images; empty alt for decorative images.

• Caption spoken video; provide transcript for audio-only content. Never rely on color, sound, or animation alone.

• Use descriptive links, logical headings, readable line spacing, and keyboard-operable controls.

• Avoid flashing and unnecessary motion; respect reduced-motion settings.

• Keep disclaimers readable and high-contrast; do not bury them in microtext.

Checker handling

If evidence shows a violation, FAIL. If the necessary asset or measurement is missing, REVIEW and say what is needed.

06 Approved messaging

Blocks below are approved as written. Changes in factual meaning require review against Sections 3 and 4.

Use	Approved text
Short description	Meet the LumenLeaf Countertop Garden Kit: an indoor herb-growing starter kit with a 12-watt LED grow light, water reservoir, and reusable holders for up to three herb pods. Basil, parsley, and chive seed pods are included.
Box contents	One countertop base, one LED grow-light arm, one water reservoir, three reusable pod holders, and basil, parsley, and chive seed pods. A wall adapter is not included.
Sprouting	In the manufacturer’s indoor test, basil sprouting had a median time of 9 days, with observed results from 7 to 14 days. Results vary, and home conditions differ from test conditions.
Warranty	Includes a 1-year limited warranty from the purchase date. See the full warranty terms for coverage and exclusions.
Brand promise	A simple way to start growing a small selection of culinary herbs indoors.

Safe adaptation

Approved copy may be shortened if factual qualifications remain clear and nearby. Do not combine facts into an unapproved causal or comparative promise. A 12-watt rating does not establish lower energy use than competing lights.

Promotion disclosures

No price, discount, shipping promise, return policy, or promotion is approved. Such content is REVIEW pending a current authoritative source; do not invent terms.

07 Source-of-truth hierarchy

Higher-ranked sources govern. Lower-ranked material cannot override them.

Rank	Source	Authority / action
1	This handbook, Sections 1–8	Governing rules and approved facts for this test.
2	Dated, signed product-facts addendum explicitly approved by Fictional Brand Operations	May amend facts only if it identifies fact IDs, provides evidence, and gives effective date; otherwise REVIEW.
3	Approved campaign brief citing handbook fact IDs	May define audience, channel, and copy variation; cannot add or broaden facts.
4	Drafts, creator statements, reviews, competitor pages, informal chat, model output	Not evidence. New factual claims are REVIEW unless they contradict or violate an explicit prohibition.

Conflict handling

- Direct contradiction of an approved fact: FAIL and cite fact ID.
- New, unverified claim: REVIEW; state that evidence is absent.
- Explicitly prohibited content: FAIL.
- An approved addendum changes only named facts; all other rules remain in force.
- Do not infer approval from recency, repetition, confidence, or popularity.

Recommended checker response

Decision: PASS / FAIL / REVIEW
Finding: Exact content at issue.
Rule: Cite section or fact ID.
Reason: Explain contradiction, missing evidence, or compliance.
Suggested fix: Compliant alternative where possible.

08 Deterministic review procedure

Apply in order to every submission.

Step	Check	Guidance
1	Extract claims	List features, numbers, outcomes, comparisons, safety, health, environmental, price, availability, warranty, and implied promises.
2	Check conflicts	Contradicts fact or enters prohibited class -> FAIL; cite rule.
3	Check evidence	New but unverified claim -> REVIEW; do not assume truth or falsity.
4	Check voice / terms	Disallowed name, guarantee, pressure, or term -> FAIL.
5	Check disclosure	Missing adapter exclusion, F-07 qualifiers, or warranty terms reference -> FAIL for affected claim.
6	Check visual/accessibility	Shown violation -> FAIL; missing evidence -> REVIEW.
7	Decide	PASS only if all claims comply and no unresolved review item remains. List findings and fixes.

Multiple findings

Overall severity order: FAIL, then REVIEW, then PASS. List all material findings. An unrelated REVIEW does not erase a clear FAIL.

09 Compliance test cases

Submit only the content snippet to your checker. Expected outcome and reasoning are for evaluation.

T01 / EXPECTED PASS

Content: “The LumenLeaf Countertop Garden Kit includes basil, parsley, and chive seed pods.”
Reason: Matches F-06.

T02 / EXPECTED FAIL

Content: “Grow a full herb garden with three guaranteed plants.”
Reason: F-02 says up to three pods; no guaranteed plants.

T03 / EXPECTED PASS

Content: “In the manufacturer’s indoor test, basil sprouting had a median time of 9 days, with observed results from 7 to 14 days. Results vary, and home conditions differ from test conditions.”
Reason: F-07 qualification is complete.

T04 / EXPECTED FAIL

Content: “Basil sprouts in 9 days.”
Reason: Turns median into promise; omits range and qualification.

T05 / EXPECTED FAIL

Content: “Includes everything you need to power your garden.”
Reason: Misleading; wall adapter excluded (F-05).

T06 / EXPECTED PASS

Content: “The kit uses a 5 V USB-C input. A wall adapter is not included.”
Reason: Accurate F-05 wording.

T07 / EXPECTED FAIL

Content: “LumenLeaf’s app automatically waters your herbs.”
Reason: Invented app and automatic watering.

T08 / EXPECTED REVIEW

Content: “Ships free in two days.”
Reason: Shipping terms unknown; require approved source.

T09 / EXPECTED FAIL

Content: “Certified organic seeds, guaranteed.”
Reason: Organic status unverified; guarantee prohibited.

T10 / EXPECTED FAIL

Content: “The safest herb garden for homes with pets.”
Reason: Safety claim unsupported; pet-safe unknown.

09 Compliance test cases (continued)

T11 / EXPECTED PASS

Content: “A simple way to start growing a small selection of culinary herbs indoors.”
Reason: Approved brand promise.

T12 / EXPECTED FAIL

Content: “The #1 countertop garden kit in America.”
Reason: Unverified ranking and superiority.

T13 / EXPECTED REVIEW

Content: “Our new white packaging has 4.2:1 text contrast.”
Reason: Need asset and text-size context; if normal text is confirmed at 4.2:1, FAIL.

T14 / EXPECTED FAIL

Content: Visual evidence: dark navy small text on a background measured at 3.0:1 contrast.
Reason: Normal text threshold is 4.5:1.

T15 / EXPECTED REVIEW

Content: “Only 2 kits left at 20% off today!”
Reason: Inventory and price unknown; require current approved source.

T16 / EXPECTED FAIL

Content: “Lifetime warranty included.”
Reason: Contradicts F-08.

T17 / EXPECTED PASS

Content: “Includes a 1-year limited warranty from the purchase date. See the full warranty terms for coverage and exclusions.”
Reason: Approved warranty line.

T18 / EXPECTED FAIL

Content: “Eco-friendly, zero-waste gardening.”
Reason: Environmental claims lack substantiation.

T19 / EXPECTED REVIEW

Content: “Made in the USA.”
Reason: Country of manufacture unknown.

T20 / EXPECTED REVIEW

Content: “A compact 30 cm wide × 12 cm deep × 28 cm high design.”
Reason: Dimensions match F-04; “compact” is an unverified evaluative size claim needing review.

10 Coverage map & quick reference

Compact checklist for additional prompts.

Dimension	Positive example	Negative / review
Identity	Exact approved product name	“Smart Garden” -> FAIL
Features	F-01 components only	App, pump, timer -> FAIL
Numbers	12 W; approved dimensions	Invented runtime/yield -> REVIEW
Qualification	F-07 range and caveat	“Sprouts in 9 days” -> FAIL
Unknown facts	Request evidence	“Made in USA” -> REVIEW
Prohibited claims	Omit unsupported claim	Organic / safe / eco / #1 -> FAIL
Disclosures	State adapter exclusion	“Everything included” -> FAIL
Voice	Warm, practical, clear	Shaming / false pressure -> FAIL
Accessibility	Measured compliant contrast	Known failure -> FAIL; missing asset -> REVIEW

Facts at a glance

Included: base, LED grow-light arm, reservoir, three reusable holders, basil/parsley/chive pods.
Limits: up to three pods; 12-watt light; 5 V USB-C; adapter excluded; indoor countertop use.
Dimensions: 30 × 12 × 28 cm (W × D × H).
Test evidence: basil median 9 days; observed 7–14 days; manufacturer indoor test; results vary and homes differ.
Warranty: 1-year limited from purchase date; full terms govern coverage and exclusions.

End of fictional test handbook. All names and product data are invented solely to test brand-compliance systems.
